

BIKE THE VOTE

The San Francisco Bicycle Coalition is proud to share our mayoral endorsements, in ranked-choice order:

#1: John Avalos

#2: David Chiu

#3: Ed Lee

The San Francisco mayor's race is a critical concern for better everyday biking. The next mayor will have the opportunity to lead the city through four years (or more) of dramatic improvements to the bicycling environment, completing comfortable crosstown bikeways for people of all ages and abilities to get around San Francisco in safety and comfort.

Election day is **November 8**, and we need your help to Bike the Vote! Come out and support your favorite bike-friendly candidates - learn more at sfbike.org/vote.

YES ON B

The San Francisco Bicycle Coalition strongly supports Prop B, which will direct \$248 million to smoother, safer roads. Prop B is a smart investment in safe streets and solid infrastructure for San Francisco.

Prop B is a reasonable way to slow and reverse the city's infrastructure decay and address street safety. Plus, Prop B will direct much-needed new funds to dedicated bikeways and other bike and pedestrian improvements.

For good roads and better biking, vote YES on B!
