**CELEBRATE 'GAS-FREE FRIDAYS' WITH THE SAN FRANCISCO BICYCLE COALITION**

Grab your bike and a friend or co-worker and pedal by one of the SF Bicycle Coalition's Energizer Stations to fuel up on free coffee and snacks. The SF Bicycle Coalition wants to encourage more people to substitute one short car trip with a bicycle trip on Fridays in July. It's easier than you think, half of all driving trips in San Francisco are under two miles in length—a distance easily travelled by bicycle.
